Gentlemen, thanks to Roberto we have access to all but 26 SARs. Attached is the instructions for installing the FireFox browser and how to use the browser. Please take a few minutes to install the new browser and you will be able to access the additional SARs on the list. Also attached is the spreadsheet we were working on before. If I can get you to complete both A7.3 and A8.1 I would appreciate it.

I will be on holiday Thursday and Friday this week so I do not need the updated Excel sheet back from you until the end of your business day on Friday.

Mark, I included you in on this because of the meeting you have for Titan on Friday. This way you know exactly where I am. There are a couple more enhancements I will make to give us the correct numbers but we are very close.
